REVIEW OF OPERATIONS

Augur is an emerging mineral exploration company that has put together a portfolio of quality exploration tenements in the Lachlan Fold Belt in New South Wales. During August 2008, the company announced an initial JORC defined inferred resources estimate of 12.2Mt at 0.91% nickel and 0.06% cobalt for the Homeville prospect within its Collierina tenement.

Augur is also advancing mineralisation at Yeoval to JORC defined resources with an expected announcement later in the year.

Augur holds three less advanced tenements. Weelah, Tullamore and Wallaby Rocks are all located within favourable geological settings. Augur will continue to explore these tenements with the aim of defining an economic JORC compliant resource in the short to medium term.

No matters or circumstances have arisen since the end of the reporting period, which significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the company in future financial years.

For the Half – Year Ended 31 December 2008

1. BASIS OF PREPARATION OF THE HALF-YEAR FINANCIAL REPORT

The half-year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the economic entity as the full financial report.

The half-year financial report should be read in conjunction with the 30 June 2008 annual report.

It is also recommended that the half-year financial report be considered together with any public announcements made by Augur Resources Limited during the half-year ended 31 December 2008 in accordance with the continuous disclosure obligations arising under the Corporations Act 2001.

(a) Basis of accounting

The half-year financial report is a general-purpose financial report, which has been prepared in accordance with the requirements of the Corporations Act 2001, applicable Accounting Standards including AASB 134 "Interim Financial Reporting" and other mandatory professional reporting requirements.

The half-year financial report has been prepared on a historical cost basis.

For the purpose of preparing the half-year financial report, the half-year has been treated as a discrete reporting period.

The half-year financial statements have been prepared using the same accounting policies as used in the Full Year 30 June 2008 financial report.

Independent Review Report to Members of Augur Resources Limited

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Augur Resources Limited, which comprises the consolidated balance sheet as at 31 December 2008, the consolidated income statement, the consolidated statement of changes in equity and consolidated cash flow statement for the half-year ended on that date, a statement of accounting policies, other selected explanatory notes and the directors' declaration of Augur Resources Limited.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001*. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of an Interim Financial Report by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the company's financial position as at 31 December 2008 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As auditor of Augur Resources Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review for a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. As a review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Augur Resources Limited is not in accordance with the *Corporations Act 2001* including:

- i) giving a true and fair view of the company's financial position as at 31 December 2008 and of its performance for the half-year ended on that date; and
- ii) complying with Accounting Standard AASB 134 "Interim Financial Reporting" and the Corporations Regulations 2001.
